OUR VISION

EDUCATION IS A CREATIVE PROCESS

The world is moving at a dramatically accelerating pace with character development being a pivotal concern for society. Our focus is providing a nurturing yet secure and safe environment to the child so that the students excel and metamorphose into humble, articulate and resilient individuals

OUR MISSION

Ours is a value-based system where the child is at the center of our curriculum model. Our commitment with all the resources is directed towards providing a holistic and balanced education that is capable of developing the child's intellectual, physical, emotional, and spiritual potentials, with excellent knowledge, skills and moral values based on belief and devotion.

FROM THE CHAIRMAN'S DESK

MR. MOHAMMED MISBAHUDDIN
B.com, B.Ed, LLM

Human being's viewpoints about life must lead to education's core objective, i.e., Character development. The Fitrah (intrinsic nature) already exists hence, education remains a process of unfolding and bringing out the best in a child.

Our perspective and everything we do at Creekside International Senior Secondary School is led by these educational tenets and practices, inspiring us to provide children with opportunities to grow to their full potential.

Our pursuit is to lay a strong foundation. We strive to make our children reflect in society as true Human Beings with immense knowledge and exemplary qualities of bravery, generosity, truthfulness, justice, prudence, wisdom and morality.

FROM THE PRINCIPAL'S DESK

The need of society is to educate the students and make them responsible, confident, self-disciplined individuals excelling in every path towards success and bringing peace with a positive change in society.

We nurture the potential of all children to become life-long learners and motivate them to ascertain their inner strengths and abilities.

We are committed to making our school a place for knowledge and development, where students are prepared to face the challenges of the future, by not only helping them provide an environment of collaborative learning with critical thinking and problem-solving skills but also by enhancing their character and personality. Thanks to our ever-dedicated teachers,

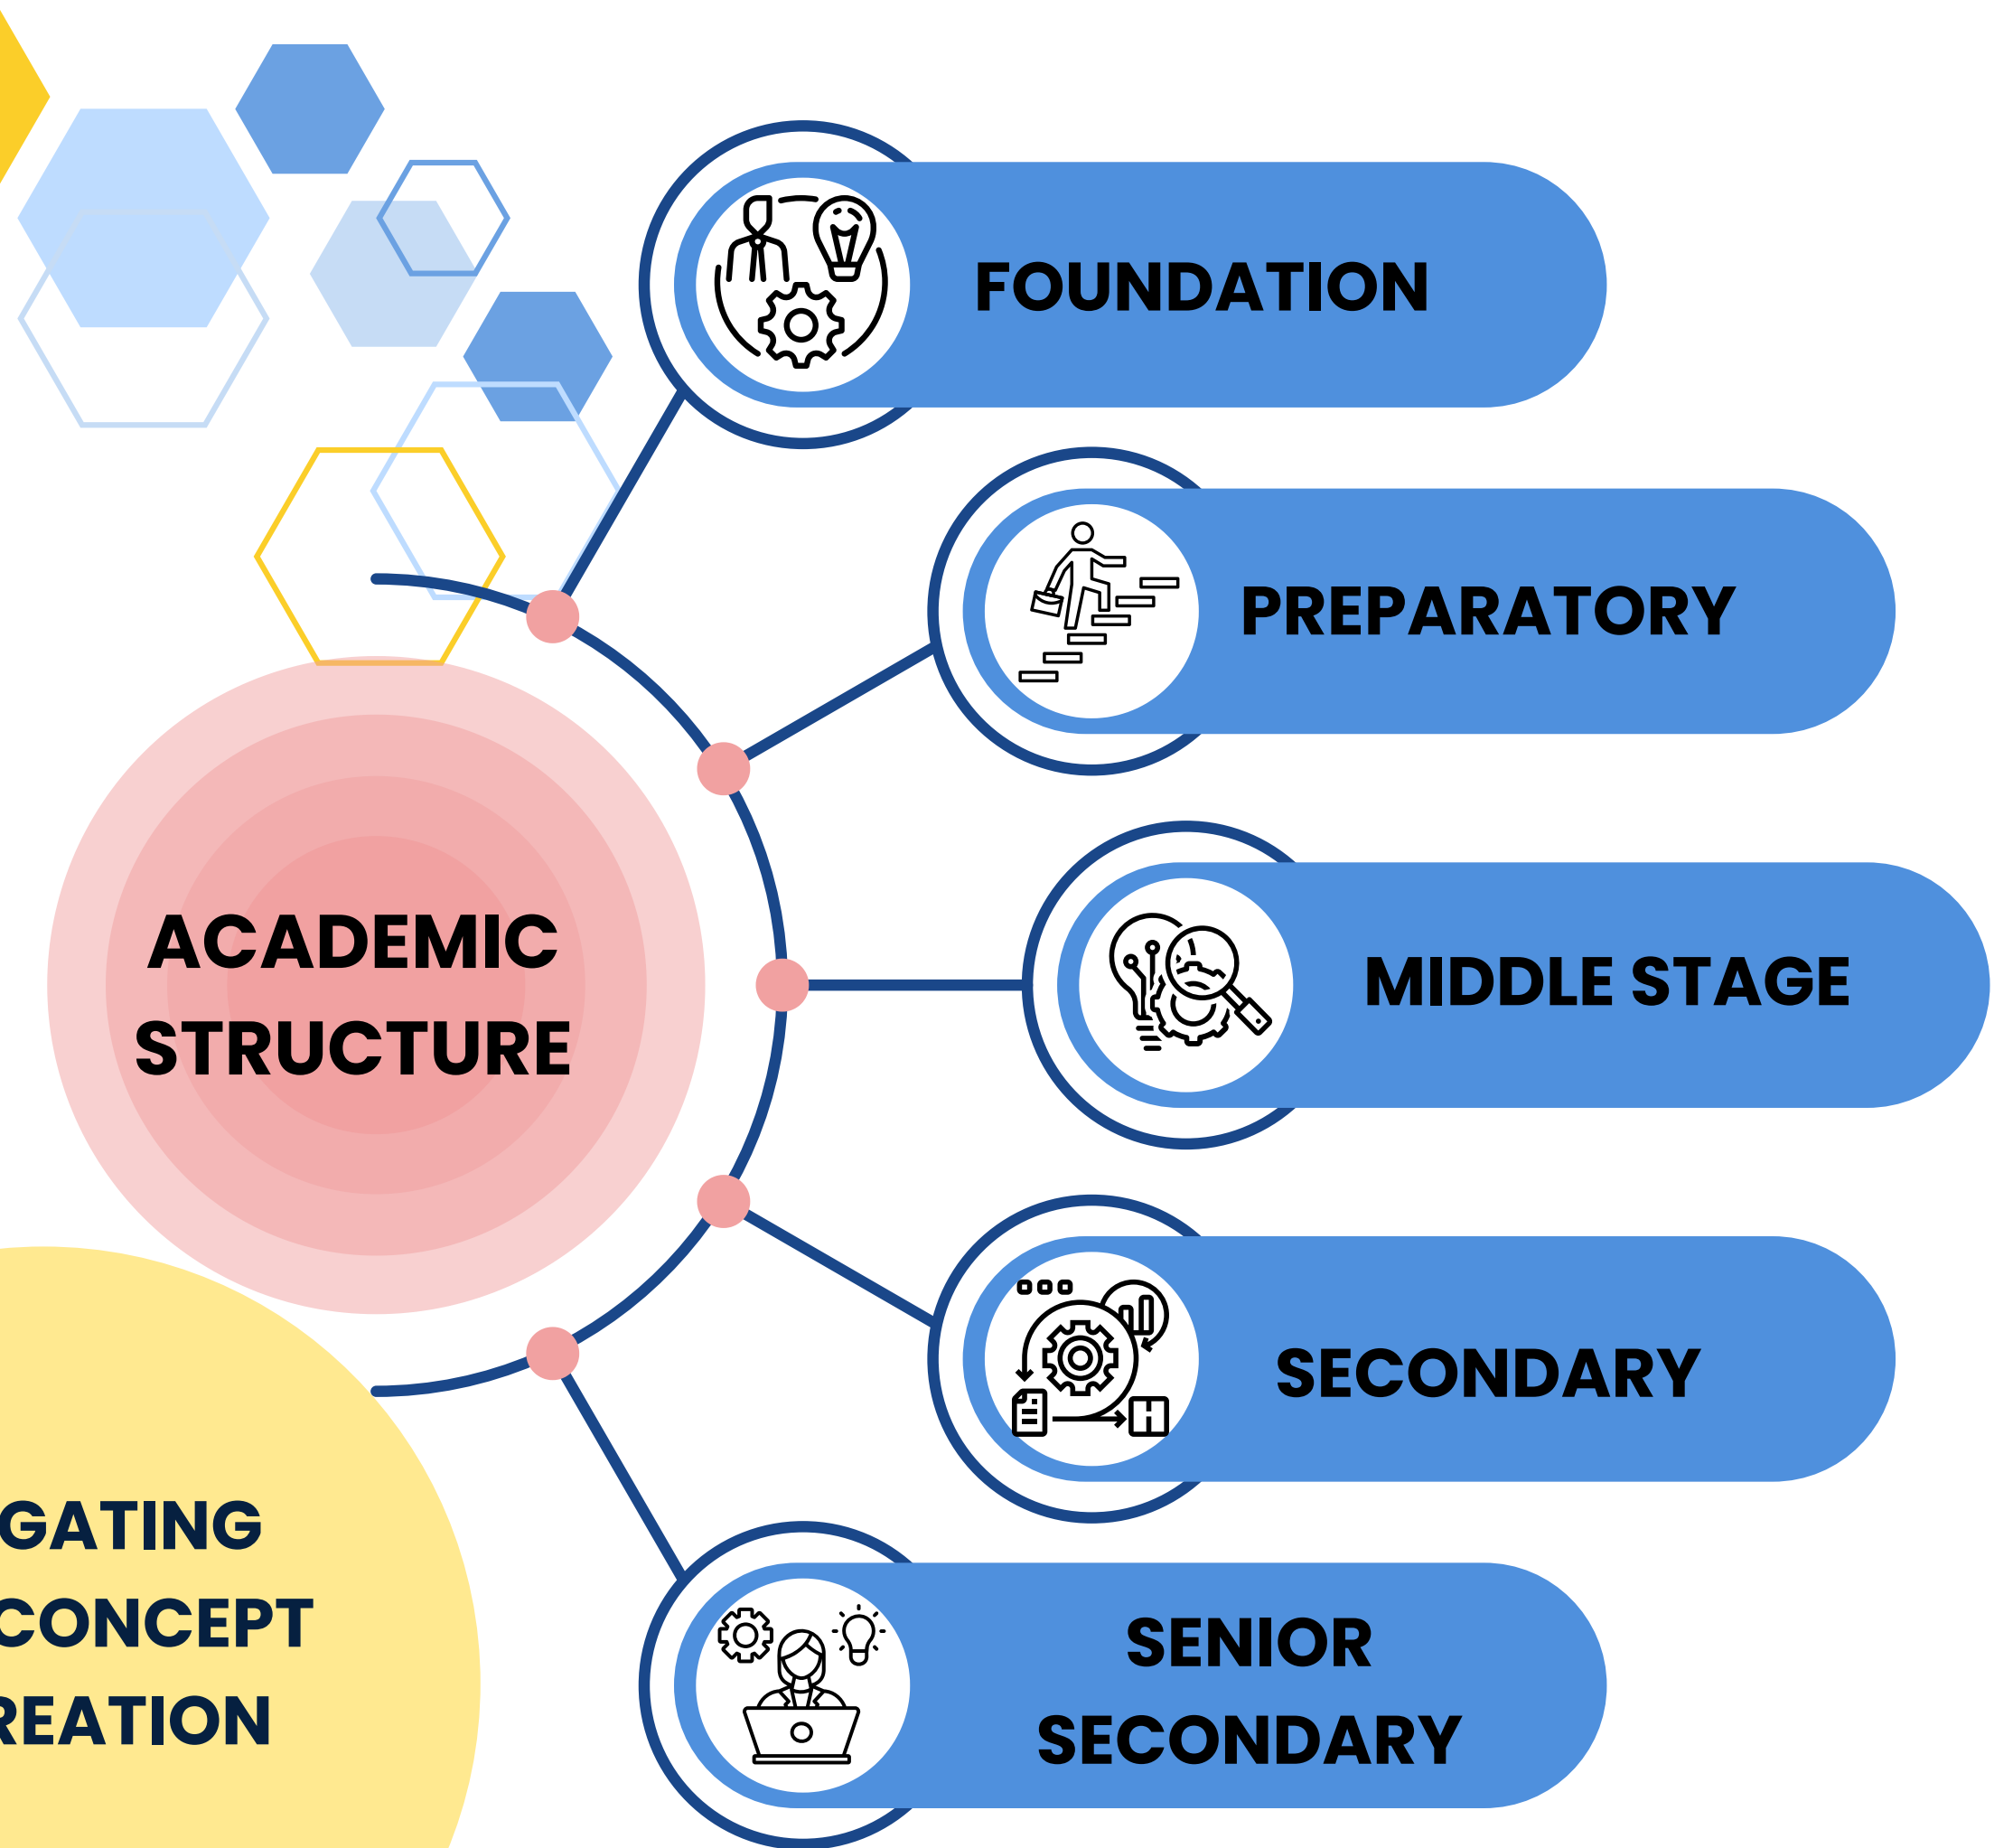

CIS fosters students' learning that promotes academic, emotional, and social development.

Parents and teachers need to be partners to make children compete and excel in an increasingly complex and competitive world. Together we aim to work towards a holistic development of our students.

Looking forward to making the process of teaching and learning a creative, enjoyable, educative, and innovative one.

Testimonials.

A school can introduce a child to a multitude of opportunities. From early on C.I.S has set a platform for budding minds and hearts to grow in a loving, caring and comfortable atmosphere shaping their lives positively. We wish the school well and recommend it to anyone looking for an overall balance along with co- and extra-curricular activities.

Mr. Naveed Sait

The overall nurturing and grooming of personality in an integrated environment at C.I.S is remarkably outstanding and is visible in its students as they march out into the world beyond.

Mr. Mir Mudassir Ali

I am very much happy today to be part of Creekside International School. The school takes care of the overall growth of the students. Creekside not only provides worldly education but also inculcates moral education. They also give a lot of support and importance to sports.
